Al Harrington -

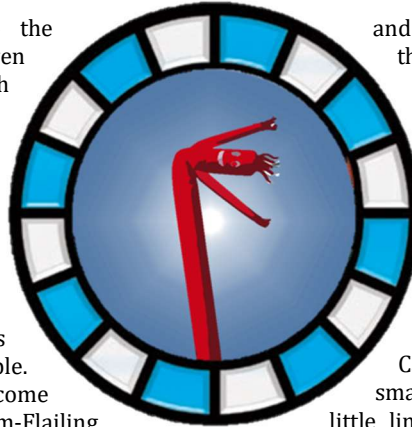

**Quote:** Hey, look at me! Look at ME! I'm over here, Can you see ME? SMILE!

One of the strangest additions to the onslaught of newer American Kiths, even more-so perhaps than the Ra-Men (though in truth, they are both as wriggly and squiggly) is the Wacky Waving Inflatable Arm-Flailing Tube-Man. Either born as a joke, abandoned from the wind-born Inanimae, or birthed from a Meme-culture with too little attention span, the all-male Wacky Waving Inflatable Arm-Flailing Tube-Man Kith has ran rampant across the American Youth's consciousness for longer than should be reasonably feasible. The creature which would eventually become known as Wacky Waving Inflatable Arm-Flailing Tube-Man was originally called the Tall Boy. Over the years however, the Kith has thriven exponentially in popularity, and since has gained such imaginative epithets as sky-dancer, air-dancer, sky-tickler, or the slightly less florid Tube-Man. Yet in the psyches of the Wacky Waving Inflatable Arm-Flailing Tube-Man's many fans, he has no other designation save Wacky Waving Inflatable Arm-Flailing Tube-Man

Since its introduction in the early 90's the Kith has been met with varying degrees of esteem, both hated and cherished. Fans of the Kith may go so far as to wear Wacky Waving Inflatable Arm-Flailing Tube-Man Halloween costumes in which they can smile, skip, and dance from door-to-door gathering sweets. Yet, in certain areas of Texas, the have banned the Wacky Waving Inflatable Arm-Flailing Tube-Man Kith due to the populace in power claiming that the Wacky Waving Inflatable Arm-Flailing Tube-Man "contributes to urban visual clutter and blight and adversely affects the aesthetic environment and quality of life for the community and the citizens of the city..."

Either loved or hated, the Wacky Waving Inflatable Arm-Flailing Tube-Man Kith has no worry of the future. Whether a meme, a fad, or 15 minutes of air-time that will be quickly relegated to bargain bins in ware-house emporiums, the Wacky Waving Inflatable Arm-Flailing Tube-Man Kith will continue to smile and boogie for his beloved fans until the end.

**Appearance:** Tall and lanky in a way that few tall and lanky people could ever be, the Wacky Waving Inflatable Arm-Flailing Tube-Man in mortal mien represents a phenotype more commonly relegated to side-shows and carnival performers. Tall and long-limbed, with long hair (many sporting dreads or braids) with long-spidery fingers, the Wacky Waving Inflatable Arm-Flailing Tube-Man always dresses in the best of haute couture and favors bright flashy colors. In Fae Mien, the Wacky Waving Inflatable Arm-Flailing Tube-Man looks much the same, though growing and lengthening in form and function. The flesh

and hair grow as bright and vibrantly colored as the clothing in which they so love, and the smiling eyes and flashing grins grow across their bright faces. There is also a distinct lack of chin.

**Lifestyle:** Their happy eyes and honest smiles allow the Wacky Waving Inflatable Arm-Flailing Tube-Man Kith a modicum of success in most endeavors. They live lives in which they can be seen by the masses and thrive on the attention they get. Used Car-Salesmen, local Television personalities, small-town celebrities, as long as they can get a little lime-light, the Wacky Waving Inflatable Arm-Flailing Tube-Man are as right as rain.

*Childing Wacky Waving Inflatable Arm-Flailing Tube-Man* garner many friends in their younger years due to their willingness to help their fellow youths and their sincere smiles. They will never say no to a challenge, and attack adversity with flailing pluck and wriggly determination.

*Wilder Wacky Waving Inflatable Arm-Flailing Tube-Man* lose none of the enthusiasm that they had in their Childing years. They still adventure when needs deem must, and relish in the success of both themselves and their allies.

*Grump Wacky Waving Inflatable Arm-Flailing Tube-Man* don't squirm with as much zest as they used do, and their flouncy floundering is decelerated with old-age. Despite this cessation of adroitness, they still enjoy their daring quests o 'fun and let nothing hinder them from engaging with their fans.

**Revelry:** Wacky Waving Inflatable Arm-Flailing Tube-Man garner glamour by being seen and enjoyed. Not just by dancing in the spot-light but by engaging others to dance with them in said spot-light is the true means.

**Unleashing:** Cantrips cast by Wacky Waving Inflatable Arm-Flailing Tube-Man are accompanied by splashes of color that wave and flicker and bounce across the scene in maddeningly dancing means. Those that aren't familiar over-much with the Wacky Waving Inflatable Arm-Flailing Tube-Man's magics may grow disoriented at the jerky and flouncing color swathes that ricochet through the area.

**Affinity:** Actor

### Birthrights:

**Look at me!:** Due to their colorful visages and twitchy movements, a Wacky Waving Inflatable Arm-Flailing Tube-Man can spend one point of glamour and have everyone within sight turn their attentions toward him. There is no roll needed, and no bunk. All eyes are instantly turned toward the Wacky Waving Inflatable Arm-Flailing Tube-Man and his wacky hi-jinks. Anyone who wishes to not turn their attention must succeed on a willpower roll difficulty of the Wacky Waving Inflatable Arm-Flailing Tube-Man's Charisma + Performance rating or 8 (whichever is higher).

**The Wriggles:** The Wacky Waving Inflatable Arm-Flailing Tube-Mans have untold amounts of squirminess and this allows them for some truly stunning feats of suppleness. They gain a +3 to dexterity at Character Creation, even if above 5, gain the triple-jointed merit, and gain a +3 to all initiative rolls.

### Frailties:

**Can't Stop, Won't Stop, Don't Even Know how to Stop:** While the wiggles and squiggling can prove of use much of the time, there are sometimes when it just grows tedious. Not that the Wacky Waving Inflatable Arm-Flailing Tube-Man are aware of

it. They continue to move and shake what the Dreaming gave em' all day and all night. Even when asleep they tend to twitch and shimmy. Any rolls that involve stealth are instant fails.

In addition, they see nothing wrong with this. Let others worry about being stealthy, it is the job of the Wacky Waving Inflatable Arm-Flailing Tube-Man to be noticed and loved. This results for some nerve-grating and strained interactions.

**I'll stop:** While it's great to party some-times, a non-stop dance-off can cause some turmoil among the Wacky Waving Inflatable Arm-Flailing Tube-Man and his allies. When such altercations inevitably arise the Wacky Waving Inflatable Arm-Flailing Tube-Man's allies, his dancing is sullen and sad, and he loses his Wriggles birthright, and is at a +1 difficulty to all rolls, as the wind is literally taken out of him. This lasts until those tired allies engage in another dance party with the Wacky Waving Inflatable Arm-Flailing Tube-Man, and convince him that by-gones are by-gones, and that they really want to have that dance-party, really!. (This may take a subterfuge + Charisma roll for unusually stuffy friends).

**Austin-Fresh, Arland Texas's favorite used car-salesman and T.V. Commercial personality shimmies his way across the lot - dances his way into your heart - and gives you the God-honest truth about the many-many American Kiths that grace this great green nation of ours...**

**Cats With Hats:** Yes! An epic dance-party, and then a good-clean-up party afterwards! The best of both worlds. My hat's bigger though, just saying.

**Cheabhler-Sith:** I'll take 10 boxes and call you in the morning.

**Eagle-Knights:** I didn't vote for them.

**Fortuni:** Two words for you... CASINOS! When those girls and us guys get together in Reno, everybody is winning.

**Gun-Faces:** You know what? Despite the hard-faces they put on when they get all the bad publicity, there is a lot of sadness there too. Nobody else sees it, but I do. They need friendship of a higher caliber (see what I did there?) I think I'm going to get them a piñata and tell them to fire it up.

**Junk-Tooths:** Not a one of the All-American Kiths can be counted on for spur-of-the-moment merrymakings as much as these orthodontically challenged Boogers. God bless them, everyone.

**Ra-Men:** I think that we should be friends because of our joint (see what I did there?) floppiness. They think we should just be acquaintances due to our differing belief systems. I think that nobody does the robot better. They can pop and lock with the best of them. Except the Automatae in Greece... nevermind...

**Swag Demons:** Well I like to take the stickers off of my hat, but we can still be best buddies, right?
